Docket Number 98P-0151/CP1

Dear Representative:

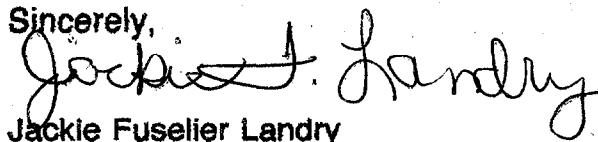

I am urging that the Food and Drug Administration grant petition 98P-051/CP1 to prohibit the slaughter of downed animals.

It is not possible to move downed animals humanely, and they are typically pushed or dragged out of the way. This is a cruel, unnecessary manner in which to show disrespect for the life of any kind.

As a school psychologist and special education administrator, the number one issue with children who are emotionally disturbed is cruelty to animals. It is not possible to teach and model proper respect when our own government allows such barbaric practices.

I urge you to end this practice and to honor Petition 98p-0151/CP1.

Sincerely,

Jackie Fuselier Landry
